

## **GP contract Roadshows (England)**

The GPC England executive team will be presenting the [GP contract details for 2020-21](#) to GPs and LMCs, at a series of contract roadshow events across England over the coming month. Thanks to those of you who have hosted us in the last few days. The current list of events is available [here](#). A number of LMCs have also arranged some local events. We are in the process of drafting guidance about the contract changes which will be available shortly.

## **Leeds LMC Wellbeing Seminar – Tuesday 31<sup>st</sup> March 2020 – Book your place today!**

Location: The Village North Hotel, Headingley

Time: 12:00 – 5:00pm. Lunch is provided at this event.

In the face of unprecedented pressures, with a growing population in need of more care, the pressure on GPs and their teams is growing. The rise in workload pressures is happening at a time when many are struggling to recruit or retain sufficient people in their practice workforce. As clinicians do their best to care for their patients, this can have also have a personal impact. This was all too evident in a recent BMA study found that 40% of doctors are currently experiencing symptoms of depression, anxiety, burnout, stress, emotional distress or a mental health condition that is impacting on their work.

Leeds LMC is committed to providing its constituents with the support they require and has organised a Wellbeing Seminar on Tuesday 31<sup>st</sup> March for GPs, Practice Managers and other primary care staff, which the aim to help colleagues to recognise the signs of burnout; understand the importance of their own wellbeing; and provide practical workshops sessions providing support/techniques on how to reduce the risk of burnout and stress in the workplace.

Speakers at the event include Prof Clare Gerada, founder of the Practitioner Health Programme that now supports large numbers of GPs, and former chair of the RCGP, and Dr Rob Hendry, Medical Director at MPS. Please see the attached first draft agenda for more details.

Please book your place by emailing the LMC office [mail@leedslmc.org](mailto:mail@leedslmc.org)

## **IR35 guidance for locum GPs**

The GPC have updated all their employment status (IR35) guidance into one easy-to-read document so that locum GPs have all the information they need to be confident in determining their employment status. Read more in a [blog](#) by Matt Mayer, deputy chair of the GP Sessional GP committee.

## **Pensions**

The deadline to submit the NHS Pension Scheme end of year Type 1 medical practitioner (GP Provider) certificate or the Type 2 medical practitioner (salaried GP) self-assessment form for year 2018/19 is Saturday 29<sup>th</sup> February 2020. These need to be submitted to

Primary Care Support England in accordance with the statutory NHS Pension Scheme Regulations. You can access all GP pension forms using [this link](#)

### **Childhood health briefing**

The BMA has published the report [Supporting a healthy childhood - The need for greater investment in services in England](#), which highlights a serious lack of investment across a range of child services, leaving doctors concerned about the adverse impact on child health in England. The BMA is urging the Government to increase investment across the entirety of children's health and social care services, and reverse local authority cuts to ensure children have a healthy start in life.

### **DWP survey for doctors involved in benefits process for the terminally ill (UK)**

The Department for Work and Pensions is evaluating how the benefits system, including the DS1500 process, supports those nearing the end of their lives and desperately needs views from those doctors involved. To have your say please complete this short [survey](#).

### **NHS Digital and the Private Healthcare Information Network (PHIN) consultation**

NHS Digital and the Private Healthcare Information Network (PHIN) have launched a consultation as part of the next phase of a programme to align private healthcare data with NHS recorded activity. The consultation sets out a series of changes to how data is recorded and managed across private and NHS care, along with a series of pilot projects, based upon feedback from a variety of stakeholders. The consultation, which has been launched following the publication of the Paterson Inquiry, is hosted on the [NHS Digital Consultation Hub](#).

### **Take a colleague to work**

The CCG would like to invite you to take part in an exciting opportunity to shadow colleagues in secondary care. The CCG have 62 consultants from Leeds Teaching Hospitals Trust (LTHT) signed up and waiting to be matched with a GP.

The CCG are keen to strengthen integration between healthcare providers across the city. We are also keen that any service redesign is clinically led. We want to increase the understanding between colleagues of the current pressures in secondary care, and conversely an understanding of the demands in primary care. This is a critical part of improving the clinical dialogue across the system.

With this intention, the CCG have developed with the Leeds GP confederation and LTHT a shadowing opportunity for GPs and consultants to experience each other's working environments and practices. After a successful Wave 1 pilot we are keen to roll this out to as many participants as possible - see what your colleagues thought about it by reading the attached flyer.

If you would like to take part in Wave 2 please send an email to: [LHCA@leeds.gov.uk](mailto:LHCA@leeds.gov.uk)

### ***GP Vacancy – Oakwood Lane Medical Practice***

Come and join our expanding team at Oakwood lane Medical Practice on a mission to deliver high quality health care whilst striving for a happy work life balance.

We are looking for GP`s to complement our team, and would be open to consideration of people looking for between 4 and 8 sessions per week. We are able to support applications for Retainer Scheme posts.

Every day our clinical team meets for “FiKa” or coffee time, for laughs and when needed the occasional moan!

In addition to our doctors we are blessed to have:

The wonderful Mel, our ANP, who means we have a very low visiting burden for GP`s.

The recently appointed Fazila, our in house pharmacist. She is on a mission to abolish the need for GP`s to do any repeat prescribing and provide additional excellent clinical capacity.

Raph, a highly experienced mental health worker, directly employed by the practice. He works with patients who we feel need the extra support.

The nursing team are highly experienced and have a great skill mix, able to manage our Long Term Conditions Patients mostly autonomously.

Our wonderful Practice Health Champion Volunteers, offer Thai Chi, Yoga, Exercise groups, Walking groups, book clubs crafting and much more. They really know what keeps people well.....and away from their GP!

Our admin team who are able to "Stream letters" meaning GP`s only see the important stuff, and jobs that are better done by the rest of the team have already been assigned.

The front of house team are expanding in numbers and remit. They are becoming ace "care navigators" helping patients reach the best service for them including accessing our "PCN Hubs" offering extended hours physio and pharmacy support.

We are a work in progress, but have an excellent management team ensuring we are moving ever forward to higher quality care with happier staff.

For further information please contact: [Oakwoodlane.manager@nhs.net](mailto:Oakwoodlane.manager@nhs.net)
