

# Advance Care Planning and ReSPECT training sessions for GP Practices

Covid-19 has highlighted the challenge of Advance Care Planning and also the complexities of what it entails, when and how to have the conversations, and how it is documented and shared with all Healthcare Professional's involved in a patient's care.

With ReSPECT (Recommended Summary Plan for Emergency Care and Treatment) now introduced across the whole of Leeds there is a need to consider how it is being implemented and how it links to the wider Advance Care Planning process.

## ECHO- Tele- Education via Zoom

### FREE to GP Practices in LEEDS

The **programme** will comprise three one hour sessions delivered virtually via zoom link:
