

Registering for the Primary Care Mental Health Special Interest Group network (PMH_SIG)

The PMH_SIG is a unique networked community has been created in order for members to share the learning around their improvement work in mental health in primary care in England. It is delivered through the Source4networks platform from NHS England.

In order to access the PMH_SIG:

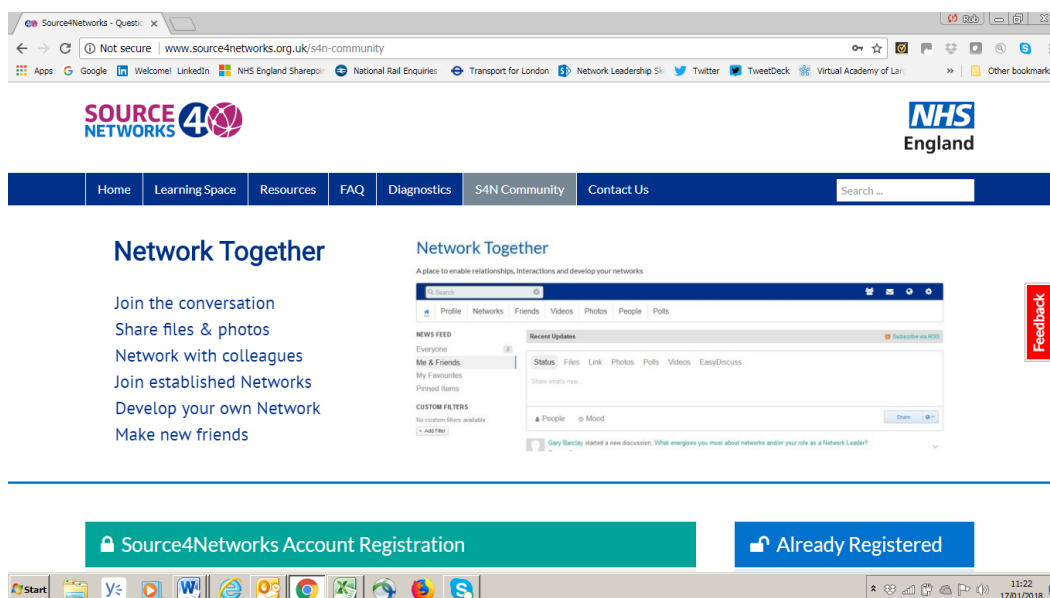

Step 1:

Register on www.source4networks.org.uk

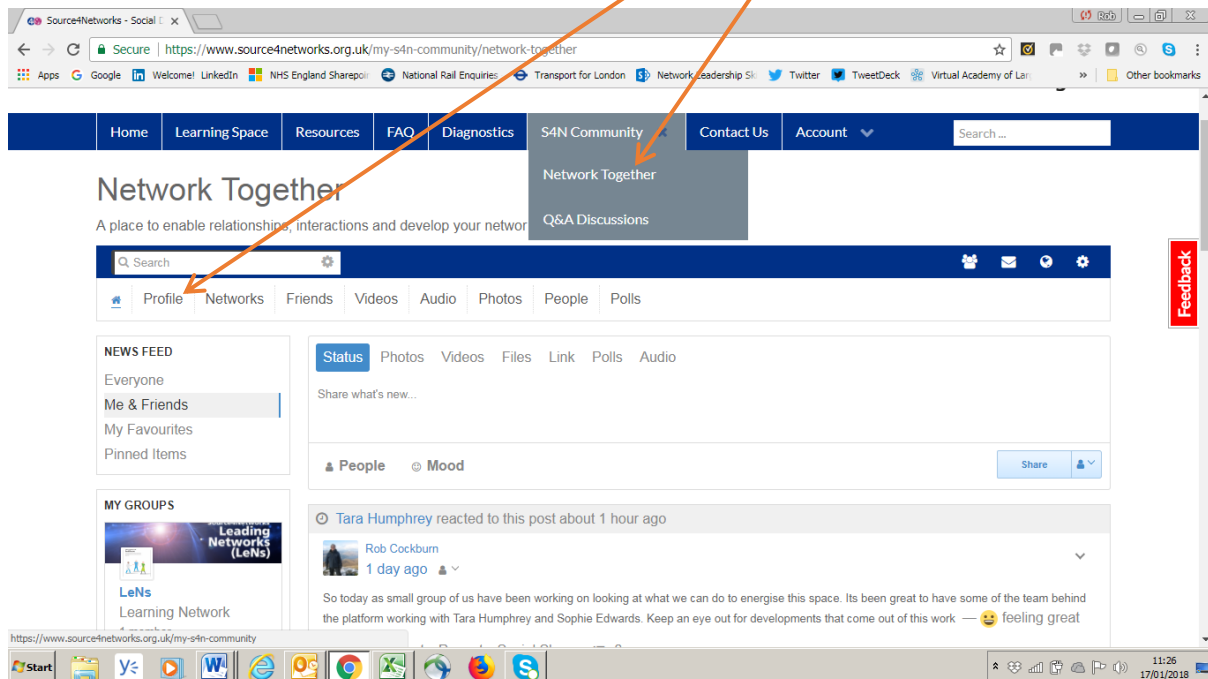

Step 2:

Go to the Community page

Step 3:

If not already done during registration, complete profile via Network Together

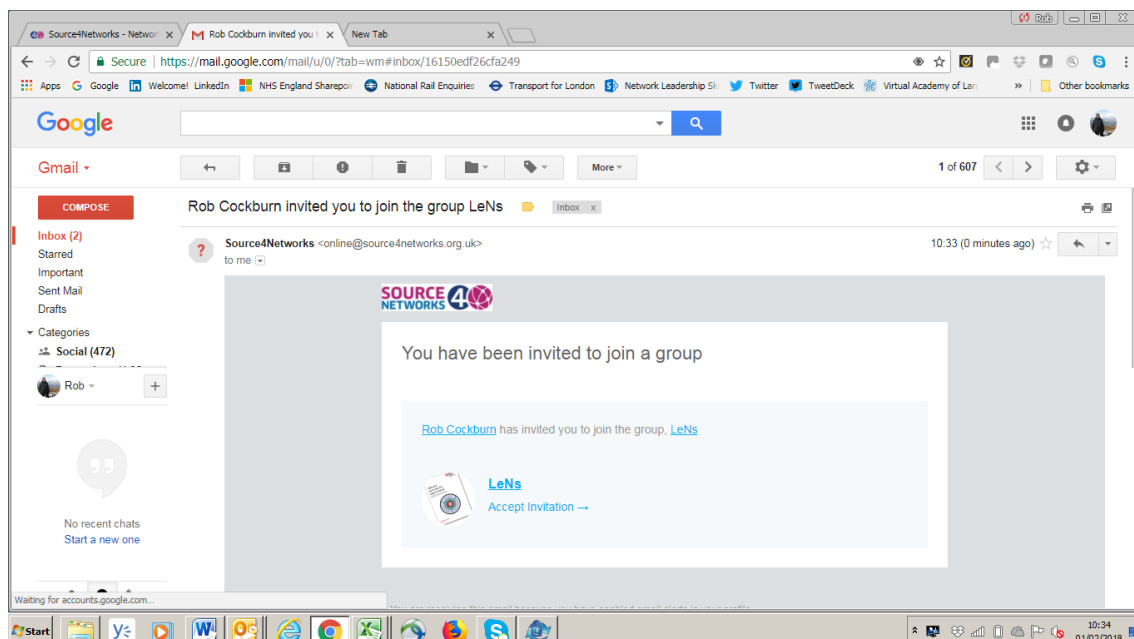

Step 4:

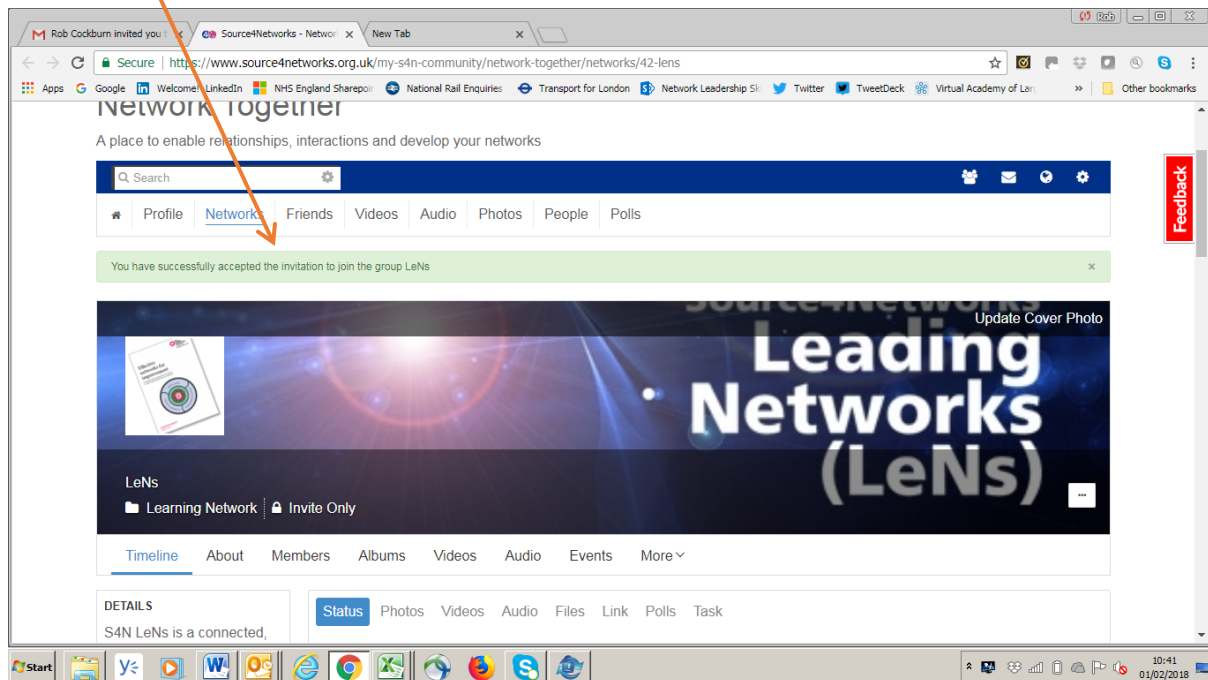

Email gwynelias@nhs.net who will send you an invite to the **PMH_SIG**

Step 5:

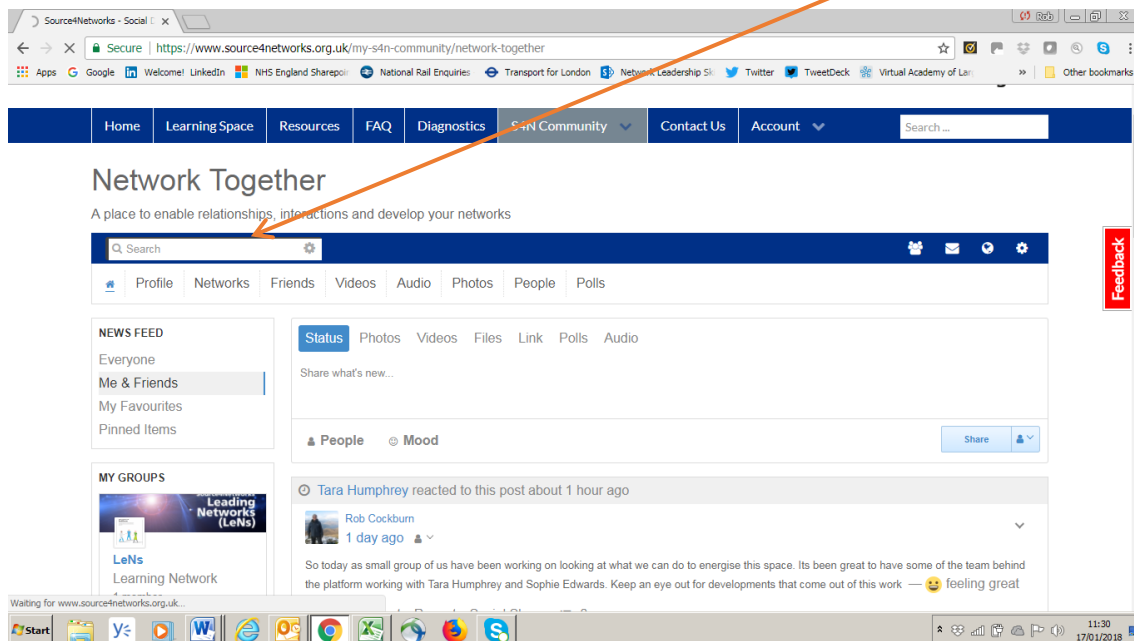

You will receive an email invite to the account you have used during registration

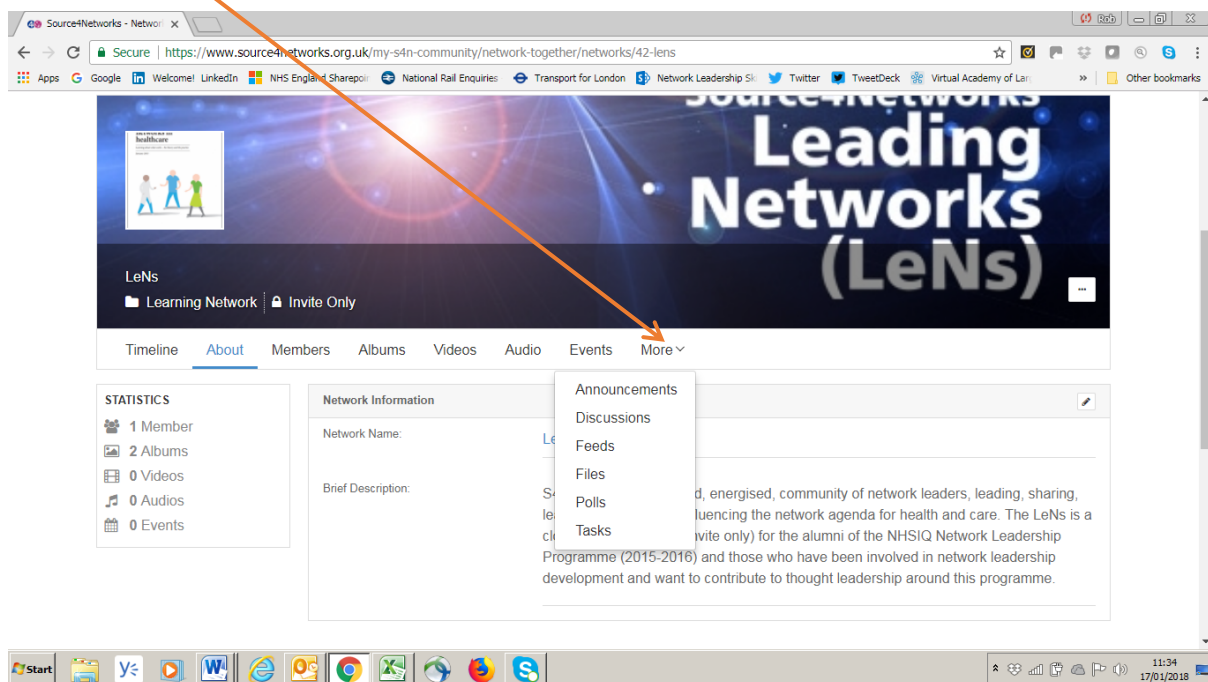

By clicking on accept you will be taken to the S4N website and the PMH_SIG and will see you have been accepted to the group

To access this network in future, from the Community>Network Together page browse networks for PMH_SIG by clicking Networks

You can then access or load up files, videos etc. Post announcements, start discussions and engage with other members of the PMH_SIG. You will find more functionality by clicking on the downward arrow next to 'More' on the network menu bar.

We look forward to seeing you there soon
